BIKINGBUDS

Stay Safe. Stay Connected.

WHAT IS IT?

BikingBuds is an app for biking safety, offering real-time group location tracking and a range of special features designed exclusively for bikers.

Over 3500 users in 10+ countries.

BENEFITS

1. Group Riders (Adults or kids)

- **Location -** marks the location of all riders on the map
- **Phone numbers** and emergency contacts of everyone in the group
- **Fall detection -** alerts the entire group when a fall has occurred

2. Parents/Families

- **Non-Rider -** your location will not be shared
- **Know** who your child is biking with for any ride
- **Get alerts** if your rider needs help
- **Easy for other riders** to contact you in case of emergencies
- **Access to all phone numbers** and emergency contacts

FEATURES

- Join as a Rider or a Non-rider
- Real-time locations
- Know who your child is biking with and their contacts
