## WEEK 1

### Inspire!

WITH CHALK ART

Chalk out drawings to inspire kids and families to Walk & Roll! Chalk the sidewalk on your route to school or anywhere, or chalk on a blacktop. Draw pictures of the earth, bikes, sneakers, squiggly or straight lines to follow or jump over, spirals or squares to spin or hop on, inspirational messages and/or more – endless possibilities! Let's begin the month of April with a Chalk Art Extravaganza!

*Optional: Take a picture of your Chalk Art and submit for a bonus entry.*

## WEEK 2

### Clean Up!

A WALK/ROLL ROUTE

Grab two bags, one for trash and one for recyclables. Gloves and/or a pick-up stick are also great to have. On your walk, clear out litter from the paths, sidewalks, gutter, or nearby areas. Take all necessary precautions, be extra careful near roads, and avoid sharp or unknown objects. Be sure to properly dispose of all litter!

*Optional: Take a picture of the litter collected and submit for a bonus entry.*

Picture submitted?  Yes  No

## WEEK 3

### Think of!

REASONS TO WALK & ROLL

Make a list of as many reasons you can think about, of why it's good for the Green Earth and/or for you or anyone to walk or roll to school and/or in your neighborhood. Can you come up with more than 5 reasons? More than 10? How about more than 20? Send your list to us if you can! We will compile all the reasons we receive and post them to [sonomasaferroutes.org](http://sonomasaferroutes.org).

## WEEK 4

### Take Action!

SHARE A SAFE OR UNSAFE ROUTE

Write a letter to Safe Routes to School to let us know about EITHER a road/path that you LOVE to walk or bicycle on, describing what makes it feel pleasant and safe, OR tell us about a road/path or intersection that you think needs improvement, describing what feels unsafe and what you'd like improved. Send your letter to us if you can!

*We will share letters with local city staff and elected officials.*
